PROJECTS

[14/04/2025 – 01/09/2025]

“Solace Glow” – Iris Lamp Collaboration between the french company [Sericyne](#) & [Faculty of Mechanical Engineering, University of Maribor](#)

During this project, I had the opportunity to:

- Develop the Iris Lamp (“Solace Glow”) as my original concept, inspired by the French national flower.
- Collaborate with Sericyne, an innovative company specializing in silk materials.
- Be selected as one of two student designs by Sericyne for further production.
- Guide the entire design process - from initial sketches to advanced 3D modeling and visualizations.
- Developed a functional prototype using silk, wiring and adapted lamp base with LED lighting.
- Integrate multifunctionality by designing lamp leaves that double as jewelry holders.
